Policies

To reserve an appointment, I require a deposit of \$35 for all new clients, prime times - any day after 5pm, Fridays & Saturdays, & after multiple cancelations. The deposit must be made to reserve the appointment. If not paid when scheduling, the appointment time will not be scheduled. This \$35 deposit will go towards your scheduled appointment when you show up or rolled over to reserve your next appointment. The deposit is nonrefundable if you do not confirm your appointment, no call no show, or a cancelation. No reschedules / Emergencies will be considered.

A 24hour notice is required if the client needs to cancel or reschedule an appointment. Emergencies will be considered. If a client is late, that time will be deducted from the session time & the fee will remain the same. Flexibility may be possible if no other appointment is scheduled. **A short notice of cancelation or no call no show will result in one half of session fee for the time scheduled.**

Payments are due at the end of each session. Anyone insufficient fund will incur a \$35fee.

Inappropriate behavior will NOT BE TOLERATED at ANYTIME! Any inappropriate behavior will result in the client being asked to leave immediately & being charged for the full price of the session. Please DO NOT undress while the therapist is in the room. It can be a liability. Thank you!

Updates needed in the clients file is the responsibility of the client to communicate with the therapist.

Weight limit is 300lbs. Anyone weighing more is strongly discouraged from using the table for their own safety & to avoid damaging the table. Resulting in damages will be the responsibility of the client. The age of the table will be considered. (table using now was bought Nov. 2025 & is worth \$600.)

No visitors. Only when the client is under 18yrs old is required for a parent to be present or a senior needed assistance. Please do not bring kids/anyone with to your appointment. This can be distracting to the client & therapist.

Services are not to replace any medical treatment of any kind. Information exchanged during any massage session is educational in nature & intended to help the client become more familiar & conscious of their own health status & is to be used at their own discretion.
